

A.C.L. Construction Ltd. Announces Assistance for MOTT & DRM in Emergency Works

FORT ST. JOHN, British Columbia, May 20, 2026, A.C.L. Construction Ltd. (TSXV: ACL; OTCQB: AACLF; FSE: A3L0) (the "Company" or A.C.L.), a leading provider of civil construction services, project management, general construction and underground utilities in the Peace Region of British Columbia is pleased to announce that it has been chosen to support Ministry of Transportation and Transit ("MOTT") and Dawson Road Maintenance ("DRM") in emergency works to provide temporary access to the residents of Old Fort, south of Fort St. John, that have been left isolated as a result of a recent landslide that blocked the access to the community. The most recent access was previously constructed by ACL in 2020 when a landslide had wiped out the original road and isolated the community at that time. ACL's previous experience reestablishing access following the 2020 landslide led to MOTT reaching out ACL for support with its redevelopment efforts once more.

"We look forward to working with the two groups to provide access to the Old Fort community in a timely manner," commented John McPherson, CEO of A.C.L.

About ACL Construction

ACL maintains a full fleet of heavy equipment and works on complex highway, civil and oilfield projects requiring strong knowledge and experience in multiple technical areas. ACL's key services include (among others) project management, reclamation & remediation and aggregate sales.

Cautionary Statement Regarding Forward Looking Information

This news release contains forward-looking statements and information that are based on the beliefs of management and reflect the Company's current expectations. When used in this news release, the words "estimate", "project", "belief", "anticipate", "intend", "expect", "plan", "predict", "may" or "should" and the negative of these words or such variations thereon or comparable terminology are intended to identify forward-looking statements and information. The forward-looking statements and information in this news release include information relating to the Company's expectations regarding the potential award, estimated value, and anticipating timing of the highway realignment project described herein, and related assumptions and risks.. Such statements and information reflect the current view of ACL. Risks and uncertainties that may

cause actual results to differ materially from those contemplated in those forward-looking statements and information.

Forward-looking statements involve significant risk, uncertainties and assumptions. Many factors could cause actual results, performance or achievements to differ materially from the results discussed or implied in the forward-looking statements. These factors should be considered carefully, and readers should not place undue reliance on the forward-looking statements. Although the forward-looking statements contained in this press release are based upon what management believes to be reasonable assumptions, the Company cannot assure readers that actual results will be consistent with these forward-looking statements.

THE FORWARD-LOOKING INFORMATION CONTAINED IN THIS NEWS RELEASE REPRESENTS THE EXPECTATIONS OF THE COMPANY AS OF THE DATE OF THIS NEWS RELEASE AND, ACCORDINGLY, IS SUBJECT TO CHANGE AFTER SUCH DATE. READERS SHOULD NOT PLACE UNDUE IMPORTANCE ON FORWARD-LOOKING INFORMATION AND SHOULD NOT RELY UPON THIS INFORMATION AS OF ANY OTHER DATE. WHILE THE COMPANY MAY ELECT TO, IT DOES NOT UNDERTAKE TO UPDATE THIS INFORMATION AT ANY PARTICULAR TIME EXCEPT AS REQUIRED IN ACCORDANCE WITH APPLICABLE LAWS.

Neither the TSX Venture Exchange nor its Regulation Services Provider (as that term is defined in the policies of the TSX Venture Exchange) accepts responsibility for the adequacy or accuracy of this press release.
